President’s Day Observed

Tuesday—Friday, February 18th-21st  
Mid Winter Break  
BISD Closed—BICCC Open

BICCC is proudly sponsored by:

## Conference Week & Mid Winter Break

Conference Week for K—6th grade is just around the corner! (February 12th-14th). If parents need extra days of care beyond your child’s normal schedule, please let the staff know. We’ll be happy to accommodate.

**Parents; please remember to pack your child a nut free, heat up free lunch for this week.**

Has the cold and wet weather left you feeling like you need to chase the sun? Wait no more! **Monday, February 17th, both BISD and BICCC are closed for President’s Day. BISD will be closed February 18th—February 21st for Mid-Winter Break, BICCC will be open.**

If a sunny destination is in your sights, please let us know by giving us a call or sending an email. This information helps us plan our staffing schedules and activities throughout the break.

A few quick reminders:

- Kids Club will open with Big Kids from 7:30—9:00 AM. We will be at our location from 9 to 5:00 PM then back to Big Kids until closing at 5:30 PM. In the event that the number of children attending both programs each day is lower than twenty, we will combine between 4:00—4:30 PM.

## What’s Happening!

The month of January kept staff and kids busy with great themes and activities that fueled our imaginations and our brains!

- Our studies of Japan gave us insight into how the private sector and government have come together in their advancements in earthquake technology to build better commercial and residential structures. The children learned the cultural significance behind the ancient tea ceremony, and the history of the kimono. Did you know that the country’s oldest kimono making establishment Chiso, was found in 1555?!
- Did you know that Hatsheput was an Egyptian Queen who was the first to promote a botanical expedition or that Tapputi-Belatekallim was a Mesopotamian perfume maker who is often considered the first recorded chemist? Our Women in Science week inspired all of our children as we looked back through history to learn about individuals whose presence influenced lives, but may not have had the loudest voices.

Looking forward to a February full of more great educational and fun adventures!
