## **Spring Break!!**

Spring Break is just around the corner (April 7th to 11th) . If the family is thinking about hitting the ski slopes or planning a sunny vacation get a way, please let us know. It helps us plan fun activities and staff schedules for these longer days.

To ensure that the week will run smoothly, please note the following:

- If someone other than a parent is picking up, please let us know. If it is an individual from your emergency contact list, we can be notified via e-mail, phone call or written note. If it is an individual who has not picked up before, please provide their full address and cell phone information. Pick up person must also provide valid ID upon arrival.
- Please provide a nut-free lunch for your child each day unless otherwise posted.
- If your child has a special project that they are working on or have a favorite book that they are reading, they are more than welcome to bring it with them as long as they are willing to take responsibility for it.

If you have any questions, please don't hesitate to reach me at this email address or you can call (206) 780-1421.

We are looking forward to seeing you!

## **What's Happening!**

The crocus and daffodils are blooming, the fruit trees are starting to bud out, the grass has that fresh green hue, the hummingbirds are dive bombing the feeder and songbirds are nesting! The Big Kids and Kids Club campus is in full spring color!

Did you know that Black Beard blockaded the port of Charleston and the only thing he asked for was a chest full of medicine or that the female pirate Cheng I Sao commanded a fleet of ships that could rival most countries at the time?

As crazy as it may sound, we are living in an ice age! These are just examples of the subjects that we have been learning about during the month of March with plenty of art and STEM projects to go along with them.

April's themes will have our Kids Clubbers learning simple marine biology, how the movie the Wizard of Oz was created, a Week of Motor Trend and the History of Anime.

We are looking forward to seeing where our kids imaginations will take them!

*Looking forward to Spring Weather!*

*Brigitte & Noah*
